COMMANDER'S THOUGHTS'

I finally finished my recommendations to National for merit mark awards to those who have helped run our squadron this past year. It was quite revealing to me that the number of recommendations (people involved in current running programs) went from 32 to 46 members. I believe our mission is on the right track and will only get stronger in the coming months and years ahead.

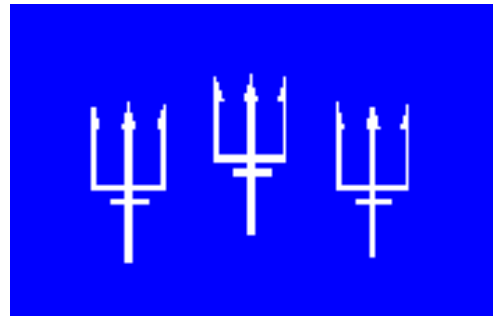

Our Christmas party this year was just great. Everyone seemed to have a good time, going home with a box full of cookies. Please see Ken Miller's excellent presentation at our WS&PS web site.

(<http://www.usps.org/localusps/wps>)

As we become sentimental during the holiday season, please remember that you are participating in a great volunteer organization that is geared to promote boating safety. It is difficult to estimate the number of people who have been saved, or prevented from having a serious accident, by those of us who support the United States Power Squadron both here and in Canada for the past 80 years.

*You can be proud of the work
we do in our community as well
as on a national basis*

You can be proud of the work we do in our community as well as on a national basis. We hope to increase our effect on our community with the development of a youth program this coming year and will be asking more people to

become involved.

Support your squadron by attending the following meetings and selecting your new squadron bridge. Please mark your calendar with the following dates:

NEED to get rid of a PC? And lose less money?

Now you can: Pete Owen's school district career academy (which is essentially broke!) desperately needs PC's to support its programs for needy and "ethically threatened" students. What do you get for your generosity?

- 1) A good feeling of having helped out.
- 2) A receipt for your donation so that you can get a TAX WRITE-OFF!!

We'll take anything (including word processors and the old Apple 2 plusses that Columbus gave to the Indians!), but those that have the capability of Internet access are preferred.

To facilitate, contact Pete Owen.

In Search of Education:

Seamanship

Building on the basics learned in Boating, the Seamanship course is an important foundation for other "advanced grade" courses. The student learns:

- Basic marlinespike seamanship
- Hull design
- Navigation rules
- Operation under normal conditions
- Operation under adverse conditions
- Responsibilities of the skipper
- Fire prevention and control
- Basic first aid
- Common courtesies on the water
- Boat care
- Nautical customs and flag etiquette

To signup for the Seamanship class beginning Monday, 04 February, contact class chairman Keith Baldwin.

Cruising

Ken and Anne Miller invite you to take a cruise with them at their home in Zion.

3106 Elisha Ave.
Zion, Illinois

Cruising consists of sailing from one place to another, safely, and then enjoying fellowship with other people of like mind, and then sailing off again. We hope to teach this course in a cruising kind of atmosphere and make it as much fun as possible. If you plan to take the course please let us know as soon as possible so we can make arrangements.

The cruise begins at 1900 on Thursday, 17 January and will continue every Thursday for the next 9 weeks. Please respond to:
